Subject: Request for Work Plan Development-EA Engineering-RACs 2 Contract-San Jacinto River Waste Pits Superfund Site RI/FS OS

Mike and Brian: I have attached the documents to request that EA Engineering prepare a work plan for the San Jacinto River Waste Pits Superfund Site RI/FS OS for a fixed rate task order. 6SF plans to have the task order issued by September 30, 2015, in order to obligate FY 2015 funds planned for this project. Please also request a COI Certification from EA for this site. Please see information below for the COI Certification. Please let me know if there is anything else you required in order to take CO action on this request. Thank you for your assistance in this matter. Rena
